A day-long Geography conference on "Teaching about Bangladesh" was held Thursday at the Commonwealth Institute in London, reports UNB.

Bangladesh High Commissioner to United Kingdom Dr. AFM. Yusuf inaugurated the conference, organised by the Commonwealth Institute for the benefit of primary and secondary teachers, advisors, inspectors and other interested educationists.

Participants showed keen interest about different aspects of Bangladesh, particularly the success of Grameen Bank, the resilience and strength of the people in coping with adverse national calamities and their arts and culture.
