Azad, Ganatantri Party leader Advocate Shaiful Alam and CUI President Akhtarun Nabi.

They called upon the authority concerned to take stern action to flush out the terrorists from the campus and enable the students to continue their studies. Some of the speakers alleged a vested quarters was conspiring to shift the university by keeping it under the influence of the terrorists.

The speakers also called for closing down the university halls for some time as a first step towards clearing the campus of the terrorists. They said, unless the authority concerned took effective steps to clear the campus of the terrorists, a university blockade programme would be taken up after the winter vacation.

They further said, people will come forward to restore rule of law in the campus if the authority concerned failed to take appropriate action on the university issue.
