Students urged to fulfil people's expectations

RAJSHAHI, Dec 3: Prime Minister Begum Khaleda Zia today called upon the students to prepare themselves properly by acquiring education and help the nation advance in the fields of knowledge and science and technology, reports BSS.

Begum Khaleda Zia was addressing a function held to mark the Silver Jubilee celebrations of Rajshahi Cadet College.

The Prime Minister said the nation had great expectations from the student community. They have to explore different branches of knowledge to live up to the expectations of the people, she said.

Begum Zia called upon the students of the cadet college to take the advantage of the congenial atmosphere existing in their campus to become worthy citizens.

The Prime Minister said "We want to see our students successful in the international arena."

Begum Zia said all measures would be taken to save the college from the erosion caused by the river Padma.

She highly appreciated the Old Rajshahi Cadet College Association members for coming forward to help mitigate the sufferings of the affected people after the last cyclone and conducting the blood donation programme.

The function was also addressed by President of the governing body of the college Maj. Gen Azizur Rahman and College Principal Lt. Col. Kaiseer.

The Prime Minister visited different stalls of the Science Fair organised by the students in the Silver Jubilee ceremony of the college.
