25 injured in clashes

Tongi Govt College closed sine die

TONGI, JULY 31: Tongi Government College was closed since die today after a clash between two factions of a student organisation that left at least 25 people, including a teacher, injured, reports UNB.

The ongoing HSC practical examinations and filling forms for degree examination will, however, continue.

Campus sources said the supporters of college student union VP Sharafat Hossain and GS Arif Hosain clashed when the GS entered the campus. Both the groups used iron rods, sticks and knives in the fighting.

The Student Union members brought a no-confidence motion against the GS a few days back and declared him 'persona non grata' on the college campus.

Police rushed to the trouble spot and brought the situation under control, but violence flared up again when one group stormed hospital in a hunt for the rivals.
