

Objective of edn should be for social welfare

Deputy Leader of Parliament Prof AQM Badruddoza Chowdhury, on Monday said good academic result is never the ultimate objective of education rather one should be educated for the welfare of society as well as himself, reports BSS.

He said this at the freshers' reception accorded to the newly admitted students of Class 11 of Viqarunnesa Noon School and College in Dhaka.

State Minister for Textiles and also the chairman of the school managing committee Major (Retd) Abdul Mannan attended the function as the special guest while Principal of the school Hamida Ali was in the chair. Members of the managing committee Golam Mortuza and Humayun Kabir Khan also spoke on the occasion.

Prof Badruddoza Chowdhury said if one with high academic achievements does not feel for the human being and the country, he is not an educated person at all.

He urged the students to educate and train up themselves for their own livelihood as well as the betterment of society.

Prof Chowdhury also stressed the need for taking care of their health for both the mental and physical fitness.

Mr Abdul Mannan said due to the new examination system the students are making good results in the SSC examinations in the recent years. He stressed the need for maintaining the standard of education.
