

**INSTITUTE OF BUSINESS ADMINISTRATION
UNIVERSITY OF DACCA****COURSE ON
MATHEMATICAL PROGRAMMING AND
SIMULATION****DURATION: JANUARY 18 TO FEBRUARY 27, 1982**

A six-week course on "Mathematical Programming & Simulation" will be conducted at the Institute starting on January 18, 1982. Classes will be held three days per week—(Monday, Wednesday, Friday)—5-00 p.m. to 8-00 p.m. In addition, computer simulation sessions will be scheduled.

Course contents include numerical analysis, statistical and operations research models, optimization techniques with related programming and simulation. Emphasis will be on applications in the socio-economic, management and technical fields.

Persons having a degree in Mathematics, Statistics, Economics or Engineering and having already done a computer programming course (preferably FORTRAN) will be considered eligible for participation in the course.

Applications on prescribed form for participation in the course will be received upto 15-2-82. Admission into the course will be closed on 16-2-82. Course fee is Tk. 1,000/-. For forms and information, contact may be made with Mr. A. Sattar Khan (Room No. 109, Phone 282185-7/13).
