

DU students, transport workers resolve feud

Staff Correspondent

The outstanding fracas between the students of Dhaka University and the transport workers has been resolved following a joint meeting of the university authority, Deputy Commissioner (Traffic), students representatives, representatives of the transport owners and workers on Thursday. The Vice-Chancellor of Dhaka University, Professor Abdul Mannan, presided.

The meeting observed that the prevailing situation arising out of the incident between the university students travelling by the bus and the driver and workers of a truck at Dayaganj recently was disgraceful and unbecoming.

The meeting expressed the idea that the students are the sons of the soil and the transport workers are also the responsible citizens of the country. The meeting further noted that all concerned should remain alert henceforth, so that no such untoward incident is occurred in near future.

The meeting in an unanimous decision resolved that university buses, trucks and buses will ply as usual on the scheduled routes from July 8 and none will create any hindrance in this regard whatsoever.
