DU VC for probe body on campus terrorism

132

The Vice-Chancellor of Dhaka University on Saturday suggested formation of judicial enquiry committee to investigate into the armed terrorism in the campus and determine the identity of the terrorists, reports UNB.

Prof. Abdul Mannan said the proposed committee should deal with the issues such as who supply arms, who patronises the arrested armed terrorists and send them as well as recommend steps to cleanse the campus of terrorism.

Prof. Mannan stated this while speaking at a reception of the first year students of Soil Science and Botany Departments at the T.S.C. on Saturday.

Referring to his critics the Vice-Chancellor said either they promoted violence or did not want to free the campus from terrorism.

He warned that the terrorists will be dealt with at any cost for maintaining a peaceful and healthy academic atmosphere in the University campus.

"We never bowed to the terrorists nor will do in future", he said.
