Concern over deteriorating DU situation

By A Staff Reporter

A joint meeting of the Provosts, House Tutors, Assistant House Tutors, Proctor and Assistant Proctors held under the chairmanship of Vice-Chancellor Prof. Moniruzzaman Miah expressed its concern over what it termed deteriorating law and order situation on Dhaka University campus.

The meeting which made a threadbare analysis of the present situation on the campus observed that there were reasons to believe that there had been inflow of huge illegal firearms and ammunition, into the campus in recent days. The presence of outsiders in the campus had also increased and the

law and order situation could take a very serious turn any moment. "None feels safe on the campus now", the meeting observed.

The meeting observed with dismay that different parties or organisations had been trying to resolve their political differences on the campus through use of arms. The meeting urged all concerned not to use the campus in settling political issues.

In a resolution, the meeting urged the law enforcement agencies to nab illegal outsiders on the campus and take steps to recover illegal arms and ammunition.
