**Restore lost
image of Dhaka
University: VC**

Autonomy of the universities is being hampered due to frequent campus violence, Dhaka University Vice-Chancellor Prof. Emajuddin Ahmed said Wednesday, reports UNB.

"It will be difficult to stamp out campus violence if we fail to bring about a massive change in our socio-economic condition," the Vice-Chancellor said in his speech in the annual Senate session of the university.

The VC urged the university senators to evolve ways and put forward suggestions to restore the lost image of the Dhaka University, once called as the Oxford of East.
