DUCSU polls SOON: V-C

Vice-Chancellor of Dhaka University Prof AK Azad Chowdhury on Sunday said the election to the university central students' union would held soon, reports UNB.

"I will discuss with different student organisations and officials to take initiative for holding the DUCSU election as soon as possible" he said while talking to newsmen at his residential office.

He told the newsmen that two well-planned new student dormitories, one for male and another for female students, would be built in near future.

"Prime Minister Sheikh Hasina has already assured me of allotting land outside the Dhaka University campus for constructing new dormitories," the VC said.

He said buildings will also be constructed on the land so that graduation and post graduation degree classes can be held separately to cope with the increased number of students.

It will be easier to introduce Ph.D and M.Phil programmes in the respective departments after separation of the classes, Prof Azad Chowdhury hoped.

The VC has also decided to meet the journalists every month to discuss the campus situation and occasionally visit the student dormitories.

Proctor of the university AKM Nur-un-Nabi and Public Relations Officer Nurul Islam were present.
