## DU BCU calls for holding DUCSU polls

Varsity Correspondent

The Dhaka University unit of Bangladesh Chhatra Union (BCU), a left leaning student organisation, put an 11-point demand to the Dhaka University authorities asking the authorities to hold the DUCSU election and establish a 'Muktijuddha Research Institute' at the university.

The 'demands' of BCU include computerisation of all the departments, establishing a foreign scholarship support cell, arrest of terrorists from the campus etc.

The BCU will provide the students and their parents with post cards for a very low price and persuade them to write to the authorities in favour of the demands.

BCU will start the programme from November 10. While talking to the journalists at the Dhaka University Journalists Association the BCU leaders placed the demands.
