BAU students to use modern technologies

AGRI-VARSITY Nov 25:-
Vice-Chancellor Prof M Mustafizur Rahman stressed the need for agricultural research and advised the students to make use of the modern technologies in the Bangladesh Agricultural University.

Speaking as chief guest at the "Surgical Kit Box Distribution" ceremony among the Third Year DVM students of the BAU Faculty of Veterinary Science, the Vice-Chancellor added that BAU was established in early 1960 centering traditional Veterinary College.

Presided over by Dr Md Sham-suddin, Head of Department of Surgery and Obstetrics, the function was attended by Professor Dr. M Monsurul Amin, Dean, Faculty of Veterinary Science.

Held at the Faculty Gallery, it was addressed among others by Professor Jalaluddin Ahmed, Professor Dr. Md Azizul Haque, Dr Md Rafiqul Alam and Md Abdul Mazid.

The chief guest formally distributed the Kit boxes among the DVM students.
