# SUST teachers continue protests for VC's removal

Staff Correspondent · Sylhet

A FACTION of Shahjalal University of Science and Technology teachers on Sunday staged demonstration on the campus demanding immediate removal of the university vice-chancellor, Aminul Haque Bhuiyan.

Muktizuddher Chetanay Udbuddha Shikkhak Parishad, a forum of the teachers inspired by the spirit of

the liberation war, staged a sit-in in front of the Registrar Building, campus sources said.

Addressing sit-in rally, the forum leaders urged Aminul Haque to leave the campus or they would bid him farewell by laying siege to his campus residence on Tuesday next.

They said that Aminul on April 23 went on leave for two months after making

commitment to the senior teachers of the university to resign as the vice-chancellor before the expiry of the leave.

Forum convener Syed Shamsul Alam, assistant proctor Mirazul Islam, student affairs adviser Anwarul Islam and economics department chief Hasanuzzaman, among others, addressed the rally.

Thirty five senior teach-

ers also had resigned from 37 administrative posts protesting against the vice-chancellor's alleged irregularities, nepotism and mis-behaviours with the teachers and demanding his removal.

Another faction of the pro-government teachers, however, differed with the demand and claimed that they would not let any quarter to create unrest on the campus.

Faction leader Akhtarul Islam said that they met Aminul at a house in the city and requested him to take firm stance.

When contacted, Aminul claimed that the government has appointed him the vice-chancellor and he would remain in the office at the desire of the government.

'Most of the teachers already extended their support to me,' he said.
