Islami Varsity VC gheraoed

A new movement has started in the Islami University demanding resignation of its Vice-Chancellor Professor Abdul Hamid. Students laid siege to his residence from 10 a.m. to 3 p.m. Saturday, says Media Syndicate.

The activists of Jatiyatabadi Chhatra Dal,

locked the residence of the Vice-Chancellor at 12 noon Saturday demanding his resignation. At the same time students disconnected water and telephone connections of the VC's house. The other student organisations held separate processions and rallies and demanded the resignation of the VC.

It may be recalled that All-Party Students Unity and Islami Chhatra Shibir locked the office of the VC on February 14 and 18 respectively on one-point demand. Later on March 8, the office of the Controller of Examinations was put under lock and key and the University authority announced the postponement of the examinations of five departments. Under this situation the holding of Honours examinations scheduled for first week of April has become uncertain.
