The Bangladesh Observer

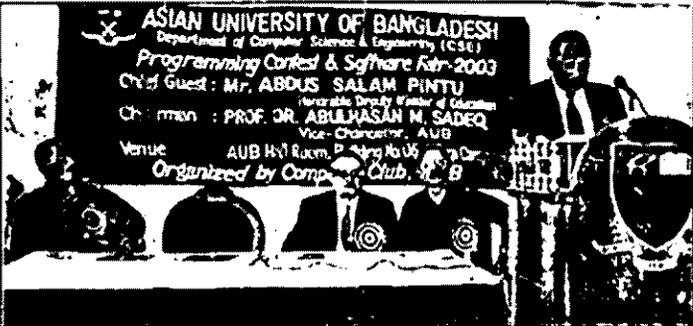

Software fair and programming contest at AUB'

A two-day long software fair and programming contest organized by Computer Club of Asian University of Bangladesh was held recently at its Uttara campus. Inaugurating the competition as the chief guest Deputy Minister of Education Abdus Salam Pintu said that Bangladesh needs to excel in IT Sector, since we lag behind others and therefore, we have to catch up. In doing so, competition efforts among the young programmers will be extremely useful. The programme was presided over by the Vice-Chancellor of AUB Professor Dr Abulhasan M Sadeq. In his speech he expected the competition would unfold the students creativity and competitive mind further.
