Adarsha Balika High Teachers MPO listed allegedly on whims

From Our Correspondent

JESSORE, May 16:—Despite serving for a decade, two teachers of local Adarsha Balika Biddalaya, have not been included in MPO (Monthly Payment Order) list nor their services have been regularised.

Failure to satisfy the greedy Head Mistress and a group of Managing Committee members has created this situation.

The victims are Dil-Ara Hosen and Ombika Rani while Dil-Ara is a family member of the School Founder Abdur Rashid.

According to sources they were appointed as part timer in the Primary Section on successful completion of all formalities as called for in the advertisement, published on October 1, 1991. However, they were given the understanding that their services would be confirmed and they would be included in MPO in due course.

It is alleged that the then Head Mistress and a section of Managing Committee, having failed to get tips from them they are black listed.

The present Managing Committee and the Head Mistress follow the foot print as the predecessor for obvious reasons.

The present Head Mistress had been promoted from Asstt Head Mistress and that post is lying vacant.

She is trying to appoint her own candidate there.

It may be mentioned here that these two teachers were appointed in Primary Section while there were classes III and IV. Meanwhile class III and IV have been abolished and class V has every chance of being abolished any moment. If this class is scrapped, what will be their fate has become a question.

It may also be mentioned that two other teachers are appointed after they have been included in the MPO with confirmation of services.

In a bid to know the latest decision of the Managing Committee about these two teachers, attempt was made to contact the Head Mistress but she was not available.
