## Ex-Secy Shamsul Huda made CEC, Sauhul EC

Former Water Resources Secretary Dr ATM Shamsul Huda has been appointed Chief Election Commissioner in the process of reconstituting the Election Commission, reports UNB.

Another ex-bureaucrat, former Law Secretary Sauhul Hossain, has been made Election Commissioner, an official handout said Sunday night.

The new appointment of the CEC and another Commissioner to the deserted Election Commis-

sion came as part of the caretaker government's reform recipe aimed at holding a credible general election in the country against the backdrop of cancellation of the polls previously scheduled for January 22 amid a political crisis.

On Jan 21, Justice MA Aziz stepped down from the office of CEC while five other Election Commissioners resigned en masse on Jan 31 to clear the way for reconstitution of the EC.
