### Hasina

Prime Minister Sheikh Hasina on Tuesday said the present government has already adopted a national women development policy and work plan to ensure participation of women in the nation-building activities side by side with their male counterparts.

"We have already undertaken an extensive programme for the development of women, their education, employment and realization of their rights in terms of equality with their male counterparts", she said in a message on the eve of Begum Rokeya Dibash.

The Prime Minister referred to the launching of Begum Rokeya Award for women activists who would contribute towards overall women development and urged all to come forward with their political and social commitment to work for the women-folk through upholding the ideals of Begum Rokeya.

"The present government is pledge-bound to see that women are active in the development activities and with that in view we are giving loans on easy terms to the distressed and less privileged women with necessary training for their self-employment", she said in her message.
