

Students union must for efficient leadership: DU VC

Newly appointed Dhaka University (DU) Vice-Chancellor Prof AAMS Arefin Siddique on Friday said there was no alternative to student union to create efficient leadership at national level in the days ahead, reports BSS.

Prof AAMS Arefin Siddique made the remark while giving his formal reaction as the new DU VC at the university club.

Talking to newsmen, he said all the regular students of the university will be provided with accommodation facilities. "We won't enroll students with the identity of student organisation rather we will do it with the identity of merit," he said.

He said the responsibility of a VC is very important and sought cooperation from all concerned to ensure a congenial academic atmosphere on the campus.

He said the Dhaka University Ordinance-1973 would be the key driving force to run the university.

"Spreading out activities for the promotion students' merit will be our prime objective. The dynamism of thoughts will be promoted through knowledge. We have to remind that the dynamism of thoughts brings the dynamism of knowledge," Prof Siddique said.

He urged the mass media to play a vital role to expedite the flow of information and run the university smoothly.

In reply to a query, he said the authorities would take all possible steps to hold classes and examinations of the university regularly.
