

DU launches nuclear engineering department

DU Correspondent

LAUNCHING ceremony of newly established nuclear engineering department in Dhaka University was held on the campus on Sunday.

The state minister for science and technology, Yeafes Osman, inaugurated the department under the faculty of engineering and technology at a function at Nabab Nawab Ali Chowdhury Senate Bhaban.

The Russian ambassador in Bangladesh, Alexander A Nikolaev, the Bangladesh Nuclear Energy Commission chairman, ASM Firoz, the department chairperson, Khorshed Ahmad Kabir, among others, addressed the programme, chaired by the vice-chancellor AAMS Arefrin Siddique.

Alexander A. Nikolaev assured of providing the department with all types of assistance from Russia.

The one and half year long masters course, comprised of three semesters, has enrolled a total of 26 students this year.
