### Confce on Pry edn Jan 31

A two-day conference on "primary and mass education: problems and their solution" organised by primary and mass education division will begin on Najuary 31 at the International Conference Centre in Dhaka.

Prime Minister Begum Khaleda Zia will inaugurate the conference at 10 am on the day.

Prevailing problems in the primary and mass education and strategy for their solution would be identified and recommended in the conference.

Education Planning experts, administrators and representatives of different local and international agencies will attend the conference.

In recognition of importance of primary and mass education in Bangladesh the primary and mass education division headed by the Prime Minister was created in August last year.

The Government has already formed a high powered task force to help formulate a policy in the field of primary and mass education and evolve strategy for its implementation.

The conference would provide necessary help in preparing report by the task force.
