

BAU teachers engaged in consultancy service, 38 on study tour

From Our Correspondent

MYMENSINGH, Aug 10:—A total of 38 teachers of Bangladesh Agricultural University (BAU) ranking from Lecturer to Professor are now staying abroad on study tour.

At least eight teachers find permanent address after successful completion of their studies according to a source of the university adding that it hampers the education of student.

Besides a good number of teachers of the university are giving more time to their personal business instead of teaching in the university.

The teachers concerned are more interested in earning money by way of doing consultancy and discharging the duty in different NGOs and business firms. The teachers are irregular in taking their classes and performing the examination in the university.

The malpractice by a section of teachers is an open secret. No action has been taken against any of them by the university

authorities.

Development of education

A day long seminar on "Development in standard of education: viewed Anandamohan College" organised by Anandamohan College authority was held at the college auditorium recently.

Presided over by Principal of the college Professor Dr. Azizur Rahman the seminar was attended by State Minister for Energy and Mineral Resources AKM Musharraf Hossain as chief guest and Delwar Hossain Khan Dulu MP and Deputy Commissioner Mymensingh Jafar Ahmed Chowdury as special guests.

The Principal of the college presented the key note paper in the seminar.

The key note was discussed by Professor Shamsul Islam, Professor Sushil Kumar Ganguli and Professor Manibur Rahman.

AR Mahmudul Hasan, Secretary of the College Teachers Association presented welcome speech in the seminar.
