

A noble gesture by BAU students

Vice-Chancellor of Bangladesh Agriculture University (BAU) Professor M Mustafizur Rahman formally handed over a cheque amounting to Taka 5,91,400 to the students affairs adviser Professor Dr Md Amirul Islam for the treatment of Md Anisuzzaman (Aslam), a meritorious MS student of the University, reports BSS.

Aslam has been critically suffering from both kidneys problem. The doctor said at least one kidney should be transplanted immediately to save his life. It would cost Taka 10 lakhs.

Students of the University donated amounting to Taka 5,19,400 of their one month stipend and handed over it to the Vice-Chancellor for his treatment.

Md Atiqur Rahman, elder brother of ailing Aslam informed the University authorities that the kidney will be donated by his mother Mrs Rabeya Khatun.

Aslam stood first class first in DVM and currently doing his MS in the BAU Department of Parasitology. His family being unable to defray the huge amount of money for his treatment has appealed for help to the affluent persons of society.

Teachers and students of the university have requested the donors and philanthropic organizations to send the money to Md Anisuzzaman (Alam), against the savings account No. 16127 with the BAU Public Bank branch, Bangladesh Agricultural University, Mymensingh or Dean, faculty of BAU Veterinary Science, Phone 091-52060.
