### Shaheed Zia ITC scholarship introduced

The government has decided to introduce a scholarship titled "Shaheed Zia ITC Scholarship" aiming at expanding information technology communication education, reports UNB.

Poor and meritorious students of computer science at school, college and madrasa levels, and BTs, Polytechnics, BUET and Science and Technology Universities will be awarded the scholarship, said a handout.

Initially a fund of Tk 50 lakh will be created with the grants received from different education boards.

An Implementation and Monitoring Committee, headed by Education Secretary, will handle the fund and scholarship.

Applications from students will be invited soon in this regard.
