DU Honours Degree equal to other varsities Masters

Varsity Correspondent

The four years Honours Degree of the Dhaka University will be equivalent to the three years Honours and one year masters degree of other universities

The decision was taken at a meeting of the Dhaka University Syndicate recently. The Syndicate also recommended that the students who pass the four years honours Degree from the Dhaka university will be eligible to apply for any first class job including teacher, Officers and researchers.

The Syndicate also advocated that Masters Degree will not be essential and four years honours from the Dhaka University is enough to get any kind of government and private jobs.

The Register of the Dhaka University has already conveyed it to the Education Ministry, University Grants Commission, Public Service Commission and all other government and private organisations.
