

## DU to sack 8 teachers for being failed to resume jobs

The Dhaka University authorities are likely to sack eight teachers as they failed to resume their jobs after completion of their sanction leaves for higher studies abroad, reports UNB.

The DU Leave committee, the body to approve study leave for university teachers, at a meeting Sunday recommended the Syndicate to cancel the jobs of eight teachers.

The meeting was held with DU Vice Chancellor Prof SMA Faiż in the chair at his office. Deans of all faculties were present at the meeting.

Two months ago, the DU authorities served notices to 26 teachers who did not join the university after finishing off their study leaves. Sources said, 12 teachers have already submitted their resignation letters to the university authorities and the syndicate.

On November 20 last year the DU authorities posted a list of 96 teachers on its official web site who are indebted to the university for around Tk 1.69 crore and requested them to repay the money to the authorities.
