AUTHORITIES shut the Jessore Science and Technology University indefinitely following clashes between students and locals.

Students have been asked to vacate the halls within 4:00pm, Proctor Professor Nur-e-Alam said. The decision was taken in an emergency meeting of the university on Wednesday afternoon.

The police said the clashes began after an altercation with a security staff, Badal, a local man, deployed at the university's main gate.

The students were agitating for the past four days for the lowering Honours and Masters course fees, personal assistant to the vice-chancellor Karimul Hassan and Jessore Kotwali police station OC Emdadul Haque said.
