### Outsiders join in movement against DU teacher

Varsity Correspondent

Outsiders on Sunday were seen to take part in the movement against a teacher of Dhaka University, who allegedly violated a female student.

A group of demonstrating students while meeting the Vice-Chancellor on Sunday morning were asked to show their identity cards which they could not produce. However, the outsiders fled the meeting venue immediately, sources said.

Vice-Chancellor Prof AK Azad Chowdhury, while talking to the Bangladesh Observer, said that DU was not a place for the outsiders.

The University authorities will take necessary actions against the outsiders if they appear on the campus again, he added.
